ARTIFICIAL INTELLIGENCE INTERNSHIP

Submitted as part of the AICTE & ICAC Approved Internship Program
at Codec Technologies Pvt. Ltd.

Submitted By	ADARSH YADAV
Enrollment Number	25SCS100302441
Program & Semester	B.Tech CSE – Semester III
Institution	School of Computer Science and Engineering, IILM University, Greater Noida, U.P.
Designation	Artificial Intelligence Intern
Duration	07 July 2026 – 07 August 2026
Location & Mode	Pan India, Hybrid

Codec Technologies Pvt. Ltd.

1. Acknowledgement

I sincerely thank Codec Technologies Pvt. Ltd. for providing me the opportunity to undertake a one-month Artificial Intelligence internship. The internship offered an industry-oriented environment for professional learning, assigned tasks and supervised participation.

I am grateful to the project management and supervisory team for the guidance associated with the internship. The offer-letter documentation identifies Dr. Anurag Shrivastava in the program and offer-letter records.

I also acknowledge the School of Computer Science and Engineering, IILM University, Greater Noida, for providing the academic environment in which this internship could complement my B.Tech CSE studies.

2. Company Profile

Codec Technologies Pvt. Ltd. is described in the internship offer letter as a global platform dedicated to empowering learners and connecting diverse talent to create meaningful career opportunities worldwide. The offer letter states that Codec Technologies delivers dedicated IT and business consultancy services across 27+ countries.

Internship Setting

The internship was offered under the designation Artificial Intelligence Intern. The documented mode was Pan India, Hybrid, with reporting to assigned Project Head(s).

Professional Environment

The offer letter describes the program as an immersive experience intended to provide industry-level knowledge and valuable skills. It also states that exceptional interns may qualify for a scholarship award based on weekly performance reviews by the project supervisor.

3. Internship Details

Parameter	Details
Student	Adarsh Yadav
Designation	Artificial Intelligence Intern
Organization	Codec Technologies Pvt. Ltd.
Duration	07/07/2026 to 07/08/2026 (1 Month)
Location & Mode	Pan India, Hybrid
Reporting	Assigned Project Head(s)
Date of Issue	07/07/2026
NCS ID	E19E86-0116588288923
AICTE ID	CORPORATE6759d549ce59e1733940553

The offer letter instructs the intern to complete assigned projects and training tasks on the organization's platform and via email.

4. Introduction

This report presents the one-month Artificial Intelligence internship undertaken by Adarsh Yadav at Codec Technologies Pvt. Ltd. from 07 July 2026 to 07 August 2026. The internship was conducted in Pan India, Hybrid mode and was intended to provide industry-oriented exposure.

The internship served as a bridge between academic learning in Computer Science and Engineering and professional participation through assigned projects, training tasks and supervised work.

5. Objectives of the Internship

1. Gain practical exposure to an Artificial Intelligence-oriented professional environment.
2. Understand how assigned projects and training tasks are handled in an organization.
3. Develop industry-oriented knowledge and professional skills.
4. Connect academic concepts with practical learning.
5. Strengthen professional discipline and communication.
6. Complete assigned work under the guidance of project head(s).

6. Training & Working Approach

Training

The internship documentation describes an immersive program intended to help the intern gain industry-level knowledge and acquire valuable skills.

Assigned Tasks

The offer letter states that interns were required to complete assigned projects and training tasks on the organization's platform and via email.

Supervision

The intern was to report to assigned Project Head(s), establishing a defined supervisory structure for the internship.

Evaluation

Exceptional interns could qualify for a scholarship award based on weekly performance reviews conducted by the project supervisor.

7. Artificial Intelligence Learning Exposure

The internship designation itself provided exposure to Artificial Intelligence as an industry-oriented field. The available documents support claims about the role, professional environment, assigned tasks and learning exposure.

Documentation note: The supplied Adarsh Yadav offer letter and certificate do not specify a particular AI project, programming language, dataset, AI model or software tool. This report therefore does not invent project-specific technical details.

8. Skills & Professional Development

Area	Learning / Development
AI technical awareness	Exposure to Artificial Intelligence as an industry-oriented field.
Project-based learning	Experience with assigned project and training-oriented work.
Professional communication	Development of communication and professional interaction.
Task management	Following instructions and completing assigned requirements.
Supervised work	Working under the direction of assigned Project Head(s).
Career development	Greater awareness of professional expectations relevant to future internships and placement

9. Internship Outcomes

The internship resulted in completion of a one-month Artificial Intelligence internship and provided professional exposure through assigned project and training activities. It strengthened awareness of workplace communication, task management and supervised project participation.

For a B.Tech CSE student, this experience adds an industry-oriented dimension to academic learning and can support future technical projects, internships and placement preparation.

10. Conclusion

The one-month Artificial Intelligence internship at Codec Technologies Pvt. Ltd. provided a structured opportunity to gain industry-oriented exposure while continuing academic development in Computer Science and Engineering. The internship involved assigned projects and training tasks, supervision by assigned Project Head(s), and professional participation through a hybrid working mode.

The experience helped build professional awareness, communication, task-management and supervised-work skills. The internship certificate confirms completion of the 1 Month AICTE & ICAC Approved internship program as an Artificial Intelligence Intern.

11. References & Supporting Documents

1. Codec Technologies Pvt. Ltd. — Internship Offer Letter.
2. Codec Technologies Pvt. Ltd. — Certificate of Internship.
3. Internship presentation prepared for Adarsh Yadav.
4. Academic context: B.Tech CSE, Semester III, IILM University.

Appendix A — Certificate of Internship

The certificate confirms that Adarsh Yadav completed the 1 Month AICTE & ICAC Approved internship program as an Artificial Intelligence Intern from 07/07/2026 to 07/08/2026. It identifies Dr. Anurag Shrivastava as Program Manager and carries the AICTE ID shown in the certificate.

Appendix B — Internship Offer Letter

The original offer letter records the Artificial Intelligence Intern designation, Pan India/Hybrid mode, duration 07/07/2026 to 07/08/2026, reporting to assigned Project Head(s), NCS ID and AICTE ID.

INTERNSHIP OFFER LETTER

Dear Adarsh Yadav,
