

School of Computer Science and Engineering

IILM University, Greater Noida, U.P.

- Internship Topic/Title: Artificial Intelligence Internship
 - Student Name: ADARSH YADAV
 - Enrollment Number: 25SCS100302441
- Program & Semester: B.Tech CSE – Semester III
 - Organization: Codec Technologies Pvt. Ltd.
- Internship Dates: 07 July 2026 – 07 August 2026

INTERNSHIP PRESENTATION

Artificial Intelligence Internship Codec Technologies Pvt. Ltd.

Student Name	ADARSH YADAV
Roll Number	2441
Program & Semester	B.Tech CSE Semester III
Batch	2025–29
Organization	Codec Technologies Pvt. Ltd.
Internship Dates	07 July 2026 – 07 August 2026

What was the internship?

A one-month Artificial Intelligence internship at Codec Technologies Pvt. Ltd., conducted from 07 July 2026 to 07 August 2026.

Purpose

The internship provided industry-oriented exposure through assigned projects, training tasks and professional practices.

Academic connection

The experience connected B.Tech CSE learning with an AI-oriented professional environment and highlighted communication, task management and professional discipline.

Codec Technologies Pvt. Ltd.

The offer letter describes Codec Technologies as a global platform focused on empowering learners and connecting diverse talent with career opportunities.

Industry reach

Dedicated IT and business consultancy services

Internship setting

The internship was organized through Codec Technologies and supervised by assigned project head(s).

Why the organization mattered

It provided a structured professional setting for industry-oriented learning, assigned project work, training tasks and supervised participation.

- Designation: Artificial Intelligence Intern
- Duration: 07 July 2026 to 07 August 2026 (1 Month)
- Location & Mode: Pan India, Hybrid
- Reporting: Assigned Project Head(s)
- Work format: Assigned projects and training tasks through the organization's platform and email
- Programme: 1 Month AICTE & ICAC Approved internship

Focus: industry-oriented AI exposure, practical learning and completion of assigned internship requirements.

4. Objectives of the Internship

Learning goals

Gain AI exposure

Gain practical exposure to an Artificial Intelligence-oriented professional environment.

Understand project work

Understand how project and training tasks are handled in an organization.

Build industry skills

Develop industry-oriented knowledge and skills.

Connect academics

Connect academic concepts with practical learning.

Improve professionalism

Strengthen professional discipline and communication.

Work under guidance

Complete assigned tasks under the guidance of project head(s).

AI-oriented environment

The internship designation was Artificial Intelligence Intern, providing exposure to an AI-oriented learning and project environment.

Academic integration

The experience offered an opportunity to relate academic concepts to industry-oriented learning and assigned tasks.

Documented scope

The provided documents do not specify exact programming languages, tools, datasets, AI models or individual project names; these are therefore not claimed.

6. Training & Working Approach

How the internship was structured

AI technical awareness

Exposure to Artificial Intelligence as an industry-oriented field.

Project-based learning

Understanding of project and training-based learning.

Professional communication

Improved communication and professional interaction.

Task management

Experience in following instructions and completing assigned tasks.

Supervised work

Working under project supervision and meeting internship requirements.

Career development

Exposure to an organizational environment relevant to future internships and placements.

Overall: broader professional awareness alongside Artificial Intelligence-oriented learning.

8. Internship Completion Certificate

Evidence

Certificate Details

Adarsh Yadav
Artificial Intelligence Intern
AICTE & ICAC Approved – 1 Month
07/07/2026 – 07/08/2026

Verification details

Program Manager: Dr. Anurag Shrivastava
AICTE ID:
CORPORATE6759d549ce59e1733940553

Certificate issued by Codec Technologies Pvt. Ltd.

9. Internship Offer Letter

Official offer and internship details

INTERNSHIP OFFER LETTER

Dear Adarsh Yadav,

We are pleased to offer you a 1 Month Internship as Project Intern at Codec Technologies, a global platform dedicated to empowering learners and connecting diverse talent to create meaningful career opportunities worldwide. Codec Technologies delivers dedicated IT and business consultancy services across 27+ countries, empowering global innovation and strategic growth.

Internship Details:

- Designation : Artificial Intelligence Intern
- Location & Mode: Pan India, Hybrid
- Duration : 07/07/2026 to 07/08/2026
- Reporting to : Assigned Project Head(s)

This program provides an immersive experience, enabling you to gain industry-level knowledge and acquire valuable skills. Exceptional interns may also qualify for a scholarship award based on weekly performance reviews conducted by project supervisor.

Assigned projects and training tasks were to be completed through the platform and email.

Key Takeaway

The one-month Artificial Intelligence internship provided industry-oriented exposure alongside academic learning. It strengthened professional communication, task management, supervised project work and awareness of AI as a career-oriented field.

Internship outcomes

- Completed a one-month AI internship.
- Participated in assigned project and training activities.
- Developed professional communication and task-management skills.
- Gained experience working under project supervision.

Relevance to CSE

The internship complemented B.Tech CSE studies by adding practical, professional and AI-oriented exposure that can support future technical projects, internships and placement preparation.
