TCS iON CAREER EDGE – YOUNG PROFESSIONAL

Training / Professional Development Program

Student Name	ADARSH YADAV
Enrollment Number	25SCS100302441
Roll Number	2441
Programme	B.Tech Computer Science and Engineering
Semester	III
Organization	TCS iON (Tata Consultancy Services)
Training Period	11 August 2026 – 25 August 2026

School of Computer Science and Engineering

IILM University, Greater Noida, U.P.

1. Introduction

The TCS iON Career Edge – Young Professional programme is a professional-development course designed to prepare students for workplace success. It focuses on communication, presentation, interview preparation, professional etiquette, problem-solving, IT foundational skills and an overview of Artificial Intelligence.

The programme was completed from 11 August 2026 to 25 August 2026 and provided professional skills that complement the technical knowledge gained through B.Tech Computer Science and Engineering.

2. Organization Profile

TCS iON is a strategic business unit of Tata Consultancy Services (TCS). It provides technology-enabled learning, assessment and skill-development solutions for students, educational institutions and professionals.

Program Relevance

The Career Edge – Young Professional course is designed to improve workplace readiness and career preparation for students entering professional environments. It connects academic learning with communication, interviews, professional etiquette, problem-solving and foundational technology awareness.

Industry Context

Education Technology • Skill Development • Digital Learning • Assessment & Skilling

3. Problem Statement / Training Need

Technical education alone is not enough for workplace success. Students also need professional communication, presentation, resume preparation, interview readiness, business etiquette and problem-solving skills.

This programme bridges the gap between academic knowledge and professional workplace expectations. It supports students in becoming more workplace-ready while building on their technical education.

4. Objectives of the Programme

1. Improve communication skills.
2. Develop workplace thinking skills.
3. Strengthen presentation and soft skills.
4. Learn resume writing and interview preparation.
5. Understand business etiquette and effective email writing.
6. Develop a problem-solving mindset.
7. Gain IT foundational knowledge.
8. Learn the basics and overview of Artificial Intelligence.

5. Scope of the Programme

Professional Skills

- Communication Skills
- Presentation Skills
- Soft Skills
- Business Etiquette
- Effective Email Writing

Career Readiness

- Resume Writing
- Group Discussion Skills
- Interview Skills
- Thinking Skills for Workplace Success

Foundational Knowledge

- Accounting Fundamentals
- IT Foundational Skills
- Overview of Artificial Intelligence

The scope is complementary to a B.Tech CSE curriculum and focuses on professional readiness.

6. Course Content

The programme covered the following topics:

1. Communication Skills
2. Thinking Skills for Workplace Success
3. Presentation Skills
4. Soft Skills
5. Resume Writing
6. Group Discussion Skills
7. Interview Skills
8. Business Etiquette
9. Effective Email Writing
10. Problem-Solving Mindset
11. Accounting Fundamentals
12. IT Foundational Skills
13. Overview of Artificial Intelligence

7. Learning Methodology

The learning process followed four stages:

Learn: Professional and workplace concepts were introduced.

Understand: Workplace expectations and professional behaviour were explained.

Develop: Communication, presentation and career-readiness skills were strengthened.

Apply: The knowledge can be applied in interviews, presentations, resumes and workplace communication.

8. Learning Outcomes

After completing the programme, the following outcomes were achieved:

- Better professional communication.
- Improved presentation skills.
- Resume and interview readiness.
- Understanding of workplace etiquette.
- Improved problem-solving approach.
- Basic awareness of IT and Artificial Intelligence.

9. Relevance to B.Tech CSE

The programme complements Computer Science and Engineering by improving the professional skills required alongside technical knowledge. These skills are useful for interviews, teamwork, presentations and professional communication.

10. Conclusion

The TCS iON Career Edge – Young Professional programme provided valuable professional development during 11 August 2026 to 25 August 2026. It strengthened communication, presentation, interview preparation, business etiquette, problem-solving and foundational technology awareness.

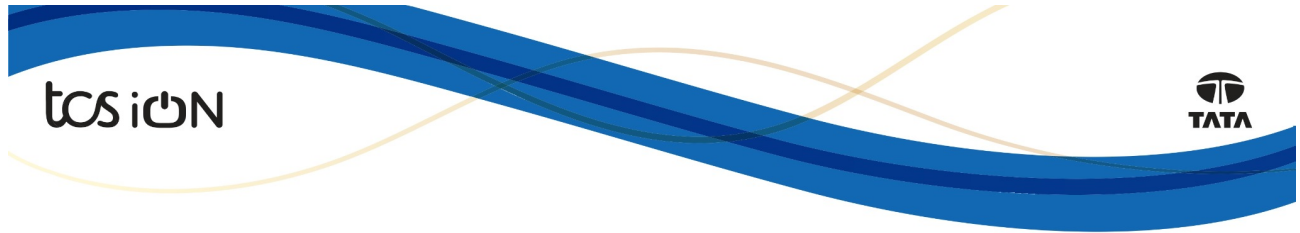

These skills support future internships, placements and professional growth. The programme complements technical education by helping students communicate technical ideas clearly, prepare for recruitment situations and adapt to workplace expectations.

11. References & Supporting Documents
